

Greetings distinguished CEHA members,

CEHA just held their 53rd Annual Education Conference & Exhibition in Steamboat Springs with much success! We have received overwhelming positive feedback from attendees and appreciate any and all feedback on the experience. Already the AEC planning committee is regrouping for the next Annual Education Conference and Exhibition to be held in the fall of 2009. We need your feedback on this year's conference and your suggestions for next year early in the planning process in order to offer the best learning, networking and overall experience possible.

Additionally we need feedback from all CEHA members on overall CEHA operations and how we can improve the value of your membership. The survey also contains questions on the overall functioning of CEHA.

The Annual Survey is designed to be user friendly and not take much time (~5-15 minutes). Your comments are invaluable to CEHA operations and we thank you for your time, comments and continued support!

Sincerely,  
Nicole Grisham  
CEHA President
