**Policy on *Supplemental* Scholarship Awards
Colorado Environmental Health Association**

- I. For background, several existing CEHA scholarships are awarded annually to students by CEHA (e.g., Tom Douville Scholarship, CSU Student Scholarship, etc.). Requirements for application and qualifications are covered in other CEHA policies.
- II. For clarity to CEHA members, the creation and existence of the Supplemental Scholarship Fund initiative will be described in at least one edition of the CEHA newsletter. Ongoing promotion of the scholarship initiative may be handled through the CEHA newsletter, web site, etc. at the discretion of the CEHA Board.
- III. Supplemental monies received by CEHA and earmarked for the scholarship shall be appropriately placed into a CEHA Board-designated back account.
- IV. Supplemental scholarship funds will only be used to supplement existing CEHA scholarships. Funds collected as part of this effort cannot be used for activities outside of CEHA-sponsored scholarships.
- V. Supplemental scholarship money shall be awarded annually as funds permit and at the discretion of the Board.

Policy approved by the CEHA Board of Directors on April 8, 2004. Lyle Moore Jr.
